

SHREE PM PATEL INSTITUTE OF PG STUDIES AND RESEARCH IN SCIENCE

STAFF ACHEIVEMENTS (Publication & Other Academic Credentials)

Mr. Jayesh Rupareliya (Assistant Professor)

1. Ruparelia J. R., Sodagar N.R., Patel J. S., Pandya H.B., Singh N.R., Naik K.B., Prajapati H.B.: Comparison of Conventional Diagnostic Modalities with PCR for Detection of Helicobacter Pylori Infection in Symptomatic Patients. Asian Journal of Medical and Pharmaceutical Researches, 3 (4): 105-110., 2013
2. Heta I. Prajapati, Jagdish S. Patel, Navneet kumar R. Singh, Jayesh R. Rupareliya, Himani B Pandya, Sahil B. Patel, Nilofar R. Sodagar, Shehnaz R. Malek, Karishma B.Naik: Comparison of Conventional Diagnostic Modalities and Polymerase Chain Reaction for Detection of Mycobacterium Tuberculosis. Indian Journal of Cell and tissue research vol.9(3) 1939-1942 (2009).
3. Navneet Kumar Singh, Jagdish S. Patel, Jaydev Pandya, Himani B. Pandya, Krunal Prajapati, Sahil B. Patel, Sunny S. Ramchandani, Mitul R. Patel, Arpita H. Patel, Jayesh Ruparelia: Comparison of Mha and Msa Disk Diffusion Test with MecA PCR for Detection of Methicillin Resistant Staphylococci Isolates from Neonatal Septicaemic Patients. Asian Journal of Experimental Biological Science., Vol 1 (2)2010: 250-253.
4. H. Pandya, N. Singh, S. Singh, P. Salvi, J. Patel, H. H. Agravat & J. Ruparelia : Helicobacter Pylori Infection Is Protective Against Development Of Complications Of Gastro Esophageal Reflux Disease (GERD): A Study Done In Central Gujarat. The Internet Journal of Gastroenterology. 2011 Volume 10 Number 1
5. Jayesh R. Rupareliya and Dr. Jagdish Patel (2013). PCR: A Sensitive and Rapid Method for Helicobacter Pylori detection. Lambert Academic Publishing, Germany
